

## **Oyster Sub-Committee Workshop Agenda**

Wednesday, June 22<sup>nd</sup>, 2022

5:00 – 7:30 PM CT

Santa Rosa County Extension Office  
6263 Dogwood Dr., Milton, FL 32570

### **Workshop Purpose and Goals:**

The purpose of this workshop is to bring PPBEP staff and partners together to collaboratively identify sites for future oyster restoration in the Pensacola Bay System – a strategy identified in the Oyster Fisheries and Habitat Management Plan. The goals are to:

- (1) Share the latest information we have on oysters (e.g., reef extent and condition, habitat suitability and water filtration model outputs)
- (2) Identify sites suitable for specific restoration objectives including oyster fisheries, habitat, and ecosystem services.

Workshop attendees will provide their input and expertise in a mapping activity that will shape future restoration efforts.

<b>5:00 – 5:30</b>	<b>Welcome</b> Refreshments, sandwiches, and snacks will be served
<b>5:30 – 6:00</b>	<b>Around the Room Introductions and Overview Presentation</b> Implementation of the Oyster Fisheries and Habitat Management Plan Data layers: What do we know so far? Restoration goal and targets Funding sources
<b>6:00 – 6:30</b>	<b>1<sup>st</sup> Round of Site Selection Discussions</b> <b>Table 1:</b> Oyster fisheries (e.g., wild harvest, aquaculture, larval sources) <b>Table 2:</b> Habitat (e.g., shelter and food source for fish and wildlife) <b>Table 3:</b> Ecosystem services (e.g., shoreline stabilization, water filtration, recreational fishing)
<b>6:30 – 6:50</b>	<b>2<sup>nd</sup> Round of Site Selection Discussions (rotate tables)</b>
<b>6:50 – 7:10</b>	<b>3<sup>rd</sup> Round of Site Selection Discussions (rotate tables)</b>
<b>7:10 – 7:30</b>	<b>Wrap-up and debrief</b> Next steps
