OYSTER ECOSYSTEM-BASED FISHERY MANAGEMENT PLAN FOR THE PENSACOLA BAY SYSTEM (PBS) PBS STAKEHOLDER WORKING GROUP

MEETING XI FEBRUARY 17, 2021—8:30 AM – 12:00 PM CT VIRTUAL MEETING VIA ZOOM

HOST: THE NATURE CONSERVANCY, FLORIDA FACILITATOR: FACILITATED SOLUTIONS, LLC

MEETING XI OBJECTIVES

- ✓ To Approve Regular Procedural Topics (Agenda, and Meeting X Summary Report)
- ✓ To Review Meeting Schedule and Updated Workplan
- ✓ To Receive Requested Presentations
- ✓ To Approve Revisions and Reaffirm Approval of Plan Framework (Goals, Objectives, Strategies, Actions, and Performance Measures)
- ✓ To Discuss Organizational Commitment, Collaboration, and Overarching Message
- ✓ To Review Draft Plan Outline
- ✓ To Identify Needed: Next Steps, Information, Presentations, and Agenda Items for Next Meeting.

PBS STAKEHOLDER WORKING GROUP MEETING XI AGENDA—FEBRUARY 17, 2021

All Agenda Times are Central Time Zone All Times Are Approximate and Subject to Change (including Public Comment and Adjournment)

8:30 AM CT		CALL TO ORDER				
1.	8:30	WELCOME, REVIEW OF VIRTUAL MEETING PARTICIPATION GUIDELINES, AND ROLL CALL				
		THANK YOU TO MICHAEL NORBERG AND WELCOME ALAN PEIRCE				
2.		REVIEW AND APPROVAL OF AGENDA				
3. APPROVAL OF FACILITATORS' SUMMARY REPORT (JANUARY 21, 2021)						
4.		REVIEW OF PROJECT MEETING SCHEDULE AND WORKPLAN				
5.	8:45	 STAKEHOLDER REQUESTED PRESENTATIONS AND BRIEFINGS Overview of Oyster Centric Efforts in the Pensacola Bay System— Whitney Scheffel, PPBEP The Gulf Coast Seafood Cluster - Josh Neese, Chris V. and Rick O'Connor 				
6.		Approval of Revisions and Reaffirmation of Plan Framework Approval (Goals, Objectives, Strategies, Actions, and Performance Measures)				
10:00 AM CT		GROUP PHOTO AND BREAK (15 MINUTES)				

7.	10:10	FACILITATED DISCUSSION ON COMMITMENT, COLLABORATION, AND OVERARCHING MESSAGE			
		(refer to Worksheet document for discussion details)			
		Word Cloud Exercise			
		 Working Group member reports on their organizations' specific commitments and resources available for implementing high priority strategies of the Plan. Working Group member reports on partnerships and stakeholder organizations for potential collaboration on implementing high priority strategies of the Plan. Working Group member reports on ideas for crafting an overarching message for fostering Community support and action for implementation of the Plan. 			
8.	11:00 AM	REVIEW OF DRAFT PBS OYSTER ECOSYSTEM-BASED FISHERIES MANAGEMENT PLAN OUTLINE			
0.		NEVIEW OF BRAIT 1 23 OF STERVE 2003 STERVE			
9.	11:15 AM	PUBLIC COMMENT			
9.	11:15 AM	PUBLIC COMMENT			
9.	11:15 AM	PUBLIC COMMENT NEXT STEPS AND ASSIGNMENTS, INFORMATION NEEDS, PRESENTATIONS AND AGENDA ITEMS FOR			
9.	11:15 AM	PUBLIC COMMENT NEXT STEPS AND ASSIGNMENTS, INFORMATION NEEDS, PRESENTATIONS AND AGENDA ITEMS FOR THE NEXT MEETING (MARCH 17, 2021)			
9.	11:15 AM	PUBLIC COMMENT NEXT STEPS AND ASSIGNMENTS, INFORMATION NEEDS, PRESENTATIONS AND AGENDA ITEMS FOR THE NEXT MEETING (MARCH 17, 2021) • Review of action items and assignments			
9.	11:15 AM	PUBLIC COMMENT NEXT STEPS AND ASSIGNMENTS, INFORMATION NEEDS, PRESENTATIONS AND AGENDA ITEMS FOR THE NEXT MEETING (MARCH 17, 2021) Review of action items and assignments Identify needed information and presentations for the next meeting

PBS STAKEHOLDER WORKING GROUP MEETING SCHEDULE AND WORKPLAN						
STANDING UP AND ORGANIZATION OF THE PBS STAKEHOLDER WORKING GROUP						
TNC/Facilitated Solutions LLC Stakeholder Assessment and Report	May-Sept. 2019	TNC contracted Facilitated Solutions, LLC, based in Tallahassee, to conduct a series of stakeholder interviews and meetings in the community outline key issues and to recommend stakeholder representatives on a Working Group. Facilitated Solutions LLC subsequently designed and facilitated the Working Group meetings and process going forward.				
Stakeholder Working Group Questionnaire	Sept. 2019	Working Group members completed a questionnaire in advance of the Organizational Meeting				
Meeting I. Studer Institute	Oct. 9, 2019	Scoping and organizational meeting, review of the assessment report and questionnaire, and review and refinement of overall project purpose, vision and goal framework.				
Meeting II. UF/IFAS SRC Extension	Nov. 15, 2019	Introduction to tools (e.g. oyster calculator, etc.) and member requested presentations on oyster ecology and restoration. Review and refinement of vision themes and goal framework.				
SCOPING OF PBS ISSUES, IDENTIFICATION OF PERFORMANCE MEASURES & OPTIONS						
Meeting III. Sanders Beach	Jan. 15, 2020	Presentations on regulatory management roles and framework for oysters, and strategic communications. Review and refinement of vision goals (4) framework continued. Introduction to potential performance measures to evaluate strategies.				
Meeting IV. Virtual Meeting Zoom Platform	April 9, 2020	Presentations on Oyster Habitat Restoration Suitability Model, Pensacola & Perdido Bays Estuary Program (PPBEP) and <u>Gulf</u> of Mexico <u>Ecosystem</u> Service Logic Models & <u>S</u> ocio-Economic Indicators-GEMS Project. Review of draft vision theme and objectives, identification of strategies and related performance measures to evaluate strategies.				
Meeting V. Virtual Meeting Zoom Platform	May 19, 2020	Member requested presentations on FDEP Responsibilities in Oyster and Estuarine Management in Florida, An Economic Research Agenda for the PBS, and Shell Budget Briefing. Review testing acceptability and refinement of strategies in the 4 goal areas, review performance measures for evaluating strategies, and identify potential Plan implementation actions and steps.				
Watermen Workshop Virtual Meeting Zoom Platform	June 4, 2020	Workshop with Working Group watermen stakeholders to hear their comments and perspectives regarding draft Objectives and Strategies.				
Building Co	INSENSUS ON PBS	Oyster Ecosystem-Based Fisheries Management Plan				
Update and Presentation to PPBEP	July 14, 2020	Presentations by TNC to the Pensacola & Perdido Bays Estuary Program's Technical Advisory Committee on the Plan goals and framework.				
Meeting VI. Virtual Meeting Zoom Platform	July 22, 2020	Member requested presentations. Review of comments and suggestions from Watermen Workshop. Review testing acceptability and refinement of strategies in the 4 goal areas, review performance measures for evaluating strategies, and identify potential Plan implementation actions and steps.				

	ı					
Meeting VII.	September	Test acceptability and refinement of strategies and action steps				
Virtual Meeting	28, 2020	for the Goals (A-D). Review and revise performance measures.				
Zoom Platform						
Update and	October 7,	Presentation by TNC to the Pensacola & Perdido Bays Estuary				
Presentation to PPBEP	2020	Program's Policy Board on the Plan goals and framework.				
Meeting VIII.	October 21,	Test acceptability and refinement of strategies and action step				
Virtual Meeting	2020	for each of the Goals in turn.				
Zoom Platform						
FINALIZING CONSENSUS ON PBS OYSTER ECOSYSTEM-BASED FISHERIES MANAGEMENT PLAN						
Meeting IX.	Nov. 18,	Test acceptability and refinement of strategies and action steps				
Virtual Meeting	2020	for each of the Goals in turn. Conduct strategies prioritization				
Zoom Platform		exercise. Evaluate habitat suitability spatial maps for identifying				
		strategies. Approve the PBS Oyster Ecosystem-Based Fisheries				
		Management Plan framework (Goals/Objectives/Strategies/Actions).				
Watermen Workshop #2	December 8,	Review strategies and actions with watermen, and solicit				
Virtual Meeting	2020	watermen feedback.				
Zoom Platform	5:30 PM CT					
Update and	January	Presentations by TNC to the Pensacola & Perdido Bays Estuary				
Presentation to PPBEP	2021 Date	Program on the Plan's progress and the Estuary Program's role in				
	TBD	implementing the Plan.				
Meeting X.	Jan. 21, 2021	Refinement of actions steps for strategies incorporating				
Virtual Meeting		watermen's feedback. Reaffirmation of Plan Framework.				
Zoom Platform		Approve the PBS Oyster Ecosystem-Based Fisheries Management				
		Plan draft outline. Agreement on revised Performance Measures.				
Meeting XI.	Feb. 17,	Review and consensus testing of Draft Plan (Vision Themes,				
Virtual Meeting	2021	Goals, Outcomes, Objectives, Strategies, and Actions; and				
Zoom Platform		Priorities and Performance Measures) and agreement on the				
		Draft Plan. Discussion of commitments and collaboration for				
		implementation of the Plan. Discussion of overarching message				
		to foster Community support & action for Plan implementation.				
Meeting XII.	March 17,	Refinement as needed, and agreement on the PBS Oyster				
Virtual Meeting	2021	Ecosystem-Based Fisheries Management Plan. Plan will be				
Zoom Platform		presented to relevant agencies for evaluation and				
		implementation. Working Group acknowledgement and				
		celebration of completed Plan.				
Presentation of final PBS	April 2021	Presentation by TNC and Working Group members to the				
Oyster Ecosystem-Based		Pensacola & Perdido Bays Estuary Program on the Plan and the				
Fisheries Management		Estuary Program's role in implementing the Plan.				
Plan to the PPBEP						

PROJECT WEBPAGE: https://ppbep.org/oyster-ebfm-plan

CONTACT: Please contact Andrea Graves if you have individual needs or questions regarding Zoom access at agraves@tnc.org.

PROJECT FACILITATION: Meetings are facilitated, and meeting reports drafted by Jeff Blair and Robert Jones from Facilitated Solutions, LLC. Information at: http://facilitatedsolutions.org.

PENSACOLA BAY SYSTEM STAKEHOLDER WORKING GROUP WEBINAR-TELECONFERENCE MEETING PARTICIPATION PROCESS

GENERAL

- Please be aware that background noise from participants is picked-up and amplified on the webinar system, especially when using a speaker-phone or your computer without a headset.
- Pensacola Bay System Stakeholder Working Group (Working Group) members, and any other meeting participants should offer their names each time they speak to ensure all participants know who is speaking.
- Members should offer their names when making and seconding motions.
- Working Group members should announce if they have to sign-off before the virtual meeting is complete.
- Acceptability rating exercise results will be tallied by recording members' votes by name in turn.

ATTENDANCE

- Facilitator will conduct roll call of Working Group members and Project Team.
- Once attendance is complete, the agenda will be reviewed and approved by the Working Group.

PARTICIPANT ETIQUETTE

- Please keep your phones on mute if calling in and mute the microphone icon in the Virtual Meeting Control Panel if you are connected by webinar. The default mode for your microphone is mute and is reflected by a red microphone icon next to your name, to unmute click the red microphone icon and it will turn green when you are unmuted.
- It works best if everyone mutes themselves except when speaking.
- Please don't put your phones on hold.
- Please wait until invited by the Facilitator to speak to avoid confusion.
- Names will be stacked by the Facilitator to ensure order.
- > Participants will have ample time to speak on substantive agenda items.

DISCUSSION PROCESS

- > Facilitator will introduce discussion item or presenter.
- Presenter will provide overview of issue and recommendation(s) for Working Group action.
- Hold questions until presentation is complete.
- Once presentation is complete, Facilitator will ask if Working Group members have clarifying questions on the issue, create a speaker's list, and call on members in-turn for clarification.
- Facilitator will ask if any Working Group member wishes to discuss the issue or propose alternative options, create a speaker's list, and call on members in-turn for discussion.
- Once clarification and discussion is complete, Facilitator will conduct a rating exercise or test for consensus on the issue as appropriate.

PUBLIC COMMENT

- Facilitator will ask if anyone from the public wishes to comment during the Public Comment agenda item, create a speaker's list, and call on members of the public in-turn for comments.
- Comments will be limited to three minutes per person.
- Members of the public having questions or wanting to provide additional feedback are encouraged to send their questions and comments to Andrea Graves: agraves@tnc.org.

TEST THE ACCURACY OF YOUR PERCEPTIONS

- > Be aware of your perceptions in a virtual meeting, test them by clarifying intent with the speaker, and recognize that technology can alter our ability to accurately interpret subtle verbal and non-verbal cues as to intent and meaning.
- > Being on a video call requires more focus than a face-to-face meeting.
- Video conversations require us to work harder to process nonverbal cues like facial expressions, the tone and pitch of the voice, and body language; paying more attention to these consumes a lot of energy and can be stressful.
- Research conducted by German academics in 2014 shows that delays on phone or webinars shaped our views of people negatively—even delays of 1.2 seconds made people perceive the responder as less friendly or focused.
- There is dissonance between our minds and bodies causing people to have conflicting feelings resulting from processing communication through technology.

GUIDELINES FOR VIRTUAL MEETING PARTICIPATION

COME PREPARED. Review the agenda, presentations and background documents ahead of time. Schedule at least 15 minutes to prepare for the meeting/webinar – if you don't need it you can have the time back. Do the pre-work. Make notes and be ready with questions.

TEST THE TECHNOLOGY AHEAD OF TIME. Log in the day before to ensure full access to whatever online technology is being used. Check your headset and/or telephone system.

PARTICIPATION—VIDEO AND AUDIO: If you participate using your computer for audio (using a headset to listen and/or speak) do not use the teleconference call in number (it creates interference). You can listen and/or speak using your headset through the VOIP function of your computer. If you use your computer only for the video/visual function (to view presentations) you will need to call in on the teleconference line to listen and/or speak. Participants who wish to view the presentations will need to use their computers to log-in using the meeting URL provided on the meeting agenda whether they participate with VOIP or the teleconference participation option for audio and video functions.

TURN UP EARLY. Put the web address and teleconference details in your calendar and bookmark the web URL. Set the reminder 15 minutes ahead of the call.

REMOVE DISTRACTIONS. Schedule a quiet place to participate from. Clear your desk and computer desktop. Turn off email & instant messaging. Put your cell phone aside. Put a note on your office door. Create an environment that allows you to fully participate without distractions.

TAKE RESPONSIBILITY FOR YOUR OWN PARTICIPATION. Don't plan to do any "catch up" activities during the call. If you catch yourself multi-tasking, close your eyes and listen. Avoid side conversations whether in the room with colleagues or in an online chat space. Keep your phone on "Mute" unless speaking.

BE AWARE OF AIR TIME. Fully participate while allowing others to do the same. Speak your name before making a comment.

FOLLOW CAB'S MEETING PARTICIPATION GUIDELINES. Do not speak without acknowledgement from the facilitator. Speaking out of turn is very disruptive to a virtual meeting.

SUPPORT THE FACILITATOR. Acknowledge questions and pay attention. Use the raise hand function to speak and wait for the facilitator to invite questions and/or comments. The facilitator will create a speakers list at all appropriate times during the meeting. Keep your phone on "Mute" (not "Hold") whenever possible.

WORKING GROUP GOAL STATEMENT

The goal of the Pensacola Bay System Working Group is to develop a package of consensus recommendations informed by the best available science, data, and stakeholders' experiences for the management and restoration of the Pensacola Bay System.

The goal of the project is to ensure that the regulation and management of the oyster fishery, and oyster restoration polices are informed by the best available science and shared stakeholder stewardship values.

The process will be designed so that members can evaluate oyster fishery practices and management options and restoration policies in the Pensacola Bay System. The Working Group's recommendations, in the form of a Pensacola Bay System Oyster Ecosystem-Based Fisheries Management Plan, will be directed to the TNC Project Team, the Pensacola and Perdido Bays Estuary Program, state managers and regulators, and other agencies/entities as appropriate.

PBS Project Summary and Statement of Purpose

PROJECT SUMMARY. The Nature Conservancy (TNC) in Florida is convening stakeholders to develop an oyster ecosystem-based fisheries management plan for the Pensacola Bay System (PBS). For the purpose of this initiative the system is defined as Escambia, Pensacola, East and Blackwater Bays in Escambia and Santa Rosa Counties. TNC has been supporting and implementing projects in the PBS for the past several years in collaboration with partners. Oysters and the once vibrant fishery are disappearing from the System. Significant funding as a result of the Deepwater Horizon oil spill is being dedicated to restoration of oysters throughout the Gulf of Mexico. This is a once-in-a-lifetime opportunity to reverse the trend and create a robust future for oysters and the fishery in Florida and the Gulf.

PLAN BOUNDARIES: Escambia, Pensacola, East and Blackwater Bays in Escambia and Santa Rosa Counties.

STATEMENT OF PURPOSE. The goal of the initiative is that by 2022 an oyster ecosystem-based fisheries management plan (Plan) for the PBS is approved by the stakeholders. The Plan will be offered as a model for management of oyster resources throughout Florida's estuarine systems, the Gulf of Mexico and other regions. The intent is for the Plan to be developed, owned and implemented by the community and the State, not a "TNC plan".

The Working Group and the resulting Plan will seek to address and determine the priority of multiple objectives including wild harvest, oyster aquaculture, ecosystem service outcomes (i.e., clear water, more crabs and fish, nitrogen removal), and social benefits (e.g., recreational angling opportunities, and opportunity to participate in defining credible management processes) for the PBS.

The Plan resulting from this initiative will help to define long-term estuary-scale goals for restoring and sustaining oysters in the estuary. It will work in the broader context of the Pensacola and Perdido Bays Estuary Program that received EPA funding in 2018 as part of the Deepwater Horizon oil spill settlement. The program hired an executive director in 2019 and is organizing to develop a Comprehensive Conservation and Management Plan (CCMP) for the Estuary Program's planning region.

WORKING GROUP GUIDING PRINCIPLES

WORKING GROUP GUIDING PRINCIPLES

- **1.)** Working Group members will strive to work together collaboratively and seek to understand and respect differing perspectives.
- **2.)** The Working Group will strive to achieve consensus on the evaluation and development of recommendations submitted to the TNC Project Team and appropriate management and regulatory agencies.
- **3.)** The Working Group will operate under policies and procedures that are clear, concise, and consistently and equitably applied.
- **4.)** Working Group members will serve as accessible liaisons between the stakeholder groups they have been appointed to represent and the PBS Working Group and should strive to both inform and seek input on issues the Working Group is addressing from those they represent.

WORKING GROUP CONSENSUS BUILDING PROCEDURES

The PBS Stakeholder Working Group (Working Group) will seek consensus on its recommendations for options to be evaluated using the best available science and decisionsupport tools for management and restoration of the PBS. General consensus is a participatory process whereby, on matters of substance, the members strive for agreements which all of the members can accept, support, live with or agree not to oppose. In instances where, after vigorously exploring possible ways to enhance the members' support for the final package of recommendations, and the Working Group finds that 100% acceptance or support is not achievable, final consensus recommendations will require at least 75% favorable vote of all members present and voting. This super majority decision rule underscores the importance of actively developing consensus throughout the process on substantive issues with the participation of all members and which all can live with. In instances where the Working Group finds that even 75% acceptance or support is not achievable, publication of recommendations will include documentation of the differences and the options that were considered for which there is more than 50% support from the Working Group. The report that will be a product of the Working Group process will clearly describe the level of agreement between Working Group members on each specific recommendation as well as on the suite of recommendations as a whole.

Working Group members, staff, and facilitators will be the only participants seated at the table. Only Working Group members may participate in discussions and vote on proposals and recommendations. The facilitators, or a Working Group member through the facilitators, may request specific clarification from a member of the public in order to assist the Working Group in understanding an issue. Observers/members of the public are welcome to speak during the

public comment period provided at each meeting, and all comments submitted on the public comment forms provided will be included in the facilitators' summary reports. In order to provide balance to the Working Group process, members agree to represent and consult with their stakeholder interest groups.

ACCEPTABILITY RATING SCALE FOR OPTIONS AND RECOMMENDATIONS

During the fourth Working Group meeting members were asked to propose an initial suite of strategies for each of the Goals. These were reviewed and refined at the fifth meeting. During subsequent meetings Working Group members were asked to continue to review existing proposed strategies, propose any additional strategies for Working Group consideration, and subsequently to rate the strategies for acceptability. Members were instructed to evaluate each strategy on its own merits, and independently and not in relation to the other strategies. Initially, constraints such as funding and statutory authority should not be a limiting factor regarding whether a strategy has merit. Following discussion and refinement of strategies, members may be asked to revisit proposed strategies if requested by a Working Group or project team member. Members should be prepared to offer specific refinements to address their reservations.

Once rated for acceptability, strategies with a 75% or greater number of 4s and 3s in proportion to 2s and 1s (≥ a 3.0 average rating) will be considered preliminary consensus recommendations for inclusion in the final package of recommendations for the PBS Oyster Ecosystem-Based Fisheries Management Plan. A list of the proposed strategies not meeting the consensus acceptability level threshold will be included as an appendix to the final report. A lead entity and key implementation steps should be identified for each consensus level strategy.

At any point during the process, any strategy may be re-evaluated and rated at the request of any Working Group or project team member. The status of a rated strategy will not be final until the final Working Group meeting, when a vote will be taken on the entire package of consensus ranked recommendations for inclusion in the PBS Oyster Ecosystem-Based Fisheries Management Plan. The following scale will be utilized for the rating exercises:

Acceptability	4 = Acceptable,	3 = Acceptable,	2 = Not Acceptable, I don't	1 = Not
Rating Scale	I agree	agree with minor	agree unless major	Acceptable
		reservations	reservations are addressed	

Please be prepared to state your minor and major reservations when asked, and to offer proposed refinements to the strategy to address your concerns. If you are not able to offer refinements to make the strategy acceptable (4) or acceptable with minor reservations (3) you should rate the strategy with a 1 (not acceptable).
